ROVIA BUCKS: A virtual currency to help you take your next trip. The Wings Bonus awards 200-400 Rovia Bucks when a Rep enrolls 4 DreamTrips customers in a 28-day period (Gold and Platinum sales yield higher commissions). That's equal to \$200-\$400 you can use for reimbursement toward flights, cars and hotels through the Rovia booking engine. It can be earned once per month.

There are no guarantees regarding income. The success or failure of each individual Representative, like any other business, depends on individual skill and personal efforts.
